Professional Experience

2026–current **Associate Professor**, *Department of Computer Science and Software Engineering*.
Miami University, Oxford, Ohio USA

2020–2026 **Assistant Professor**, *Department of Computer Science and Software Engineering*.
Miami University, Oxford, Ohio USA

2018–2020 **Postdoctoral Researcher**, *Dept. of Computer Science and Engineering*.
Texas A&M University, College Station, USA

2017–2018 **Postdoctoral Scholar**, *Department of Computer Science*.
University of California, Davis, USA

2013–2017 **Graduate Research Assistant & Instructor**, *Department of Computer Science and Engineering*.
University of Nevada, Reno, USA

2011–2013 **Graduate Research Assistant & Adjunct Lecturer**, *Department of Computer Science*.
City University of New York, New York, USA

2010–2011 **Senior Research Fellow**, *Department of Electronics and Telecommunication Engineering*.
Jadavpur University, Kolkata, India

Education

2013–2017 **Ph.D. in Computer Science**, *University of Nevada, Reno, USA*, *Thesis:* Defense Against Intelligent Attacker in Cognitive Radio Networks, GPA:4.0/4.0.
Committee: Shamik Sengupta, Murat Yuksel, Mehmet Gunes, Sergiu Dascalu, Sankar Mukhopadhyay

2008–2010 **Masters of Technology in Distributed and Mobile Computing**, *Jadavpur University, Kolkata, India*, *Thesis:* Performance Evaluation of WiMAX Network in Aspect of Modulation and Coding Schemes and Hand-off using OPNET, GPA:8.39/10.
Committee: Dr. Iti Saha Misra and Dr. Salil K. Sanyal

2004–2008 **Bachelor of Technology in Electronics and Communication Engineering**, *West Bengal University of Technology*, Kolkata, India, GPA:8.36/10.

Awards and Fellowships

2022 Best Paper Award for "R-Drive: Resilient Data Storage and Sharing for Mobile Edge Clouds," IEEE International Conference on Mobile Ad Hoc and Smart Systems (MASS), Denver, USA.

2022 Nominee, Richard Nault On-Campus Advisor of the Year, Miami University.

2018 Outstanding Thesis award from the Department of Computer Science, UNR

2017 Outstanding Graduating Graduate Student, UNR (Awarded only one student in the University)

2016 Outstanding graduate student of Department of Computer Science, UNR

2011–2013 Two year City University of New york science fellowship

2010 Paper entitled "Study of OPNET and performance evaluation of WiMAX network under various terrain conditions in OPNET" won the best student paper award at the National Conference on Microwave and Communication NCMicroCom-2010

2008–2010 Two year full scholarship for M.Tech programme for qualifying Graduate Aptitude Test in Engineering, GATE (All-India basis)

Research Interest

Security	Network security, malicious node sensing/detection, cyber-physical security, wireless honeypot, jamming attack, spectrum fingerprinting, IoT Security
Wireless	6G, Cognitive radio, dynamic spectrum access (DSA), cross-layer optimization, ad hoc, unmanned autonomous systems (UAS)
Networking	QoS and resource management, Distributed Edge Computing, end-to-end performance, testbed implementation

Courses Taught

Miami University

CYB 435	Offensive Security (at MU)
CSE 470/570	Ethical Hacking (at MU)
CSE 467/567	Computer and Network Security (at MU)
CSE 274	Data Abstraction and Data Structures (at MU)
CSE 271	Object-Oriented Programming using Java (at MU)
CYB 134	Introduction to Cybersecurity (at MU)

University of Nevada, Reno

CS 446/646	Principles of Computer Operating Systems, (at UNR)
CS 201	Digital Design Laboratory (at UNR)

City College of New York

CS 332	Operating System Laboratory (at CUNY)
CS 102	Introduction to Programming (at CUNY)

Curriculum and Laboratory Development

2025	Developed CYB 435 – Offensive Security for the BS in Cybersecurity, adapting and updating the Ethical Hacking course and its hands-on laboratory activities.
2023	Developed recorded lectures and laboratory assignments for CYB 134 – Introduction to Cybersecurity.
2021	Contributed to the design of Miami University's BS in Cybersecurity, which admitted its first cohort in Fall 2023. Authored the curriculumn mapping requirements from ABET and proposals and syllabi for CYB 334 – Network Security, CYB 335 – Defensive Security, and CYB 435 – Offensive Security.
2021	Proposed and developed CSE 470M/570M – Ethical Hacking; first offered in Fall 2021.
2021	Designed and built an OpenStack-based cybersecurity laboratory with Kali Linux virtual machines and isolated targets for hands-on security instruction, in coordination with university Information Security and CEC IT staff.
2021	Prepared CSE 271 assessment materials and representative student work for ABET accreditation.

Patent Invention Disclosure

[1] M. R. Khan, M. Yuksel, S. Bhunia, and S. Sengupta, *In-Band Line-of-Sight Discovery for Directional Full-Duplex Transceivers*, U.S. Provisional Patent Application 62/338,953

Peer Reviewed Publications

§ indicates graduate student under direct supervision.

† indicates undergraduate student.

Funded Grants

2022 "CODE Servers: A Program Assessment and Teaching System," CEC Tech Fees grant, Miami University. Co-PI with Dr. DJ Rao; awarded $20,000.

Student Advisement

Undergraduate Summer Scholars Supervision

Summer 2023 Zach Copenhaver: 3D Free Space Optical (FSO) Testbed Design.

Summer 2022 Halail Saad: Electronically Steerable Mobile Optical-Wireless Mesh Network.

Summer 2022 Deniz Misirlioglu: Blockchain-Based Crowd-Sourced Ambulance Hiring Platform.

Summer 2022 Emil Sayahi: Analysis of Potential Malicious Strategies toward Bit-Exchange with IPFS.

Undergraduate Student Researchers

2021–2022 Sam Kuhbander

2022–2022 Daniel Cruz

2020–2021 Sara Grimes

2020–2021 Nam Hoang

2021–2023 Huy Nguyen

2020–2021 Yicheng Qian

2020–2021 Ryan Schuerkamp

2020–2021 Tom Deep

Senior Capstone projects

2024-2025 Building Drag and Drop Survey Builder with Blockchain and IPFS

Fall 2024 Cracking the Code: A CTF Exhibition. Guided development of a Capture-the-Flag competition for high school students.

2023–2024 Catch the Flag Competition Platform Building

2023–2024 Hide and Seek Game for Attack/Defense Analysis

2022–2023 Close bid Auction using Blockchain for Ambulance Hiring

2022–2023 Peer to Peer Review System using Blockchain

2021–2022 Blockchain based First Responder Application

2020–2021 Distributed Storage for First Responders Network

2020–2021 Digital Triage Management Application

Academic Advising

2021–2025 Undergraduate academic advisor for Computer Science and Software Engineering majors. Advised 16, 23, 24, and 17 students in successive academic years beginning in Fall 2021; supported degree planning, academic progress, and career preparation.

Professional Service

Grant Proposal Review

2024 Panel reviewer, National Science Foundation Secure and Trustworthy Cyberspace (SaTC) program. Evaluated and ranked 15 proposals during a two-day panel in summer 2024.

Editorial Boards

2022-2024 Associate Editor on the IET Wireless Sensor Systems Editorial Board (Impact Factor of 1.9)

Session Chair at International Conferences

2024 18th Annual IEEE International Systems Conference (SysCon), April 2024, Montreal, Canada.

2022 19th IEEE Annual Consumer Communications & Networking Conference (CCNC 2022), Las Vegas, USA, session: "WiP5: Autonomous vehicles."

2015 International Symposium on Cyberspace Safety and Security (IEEE CSS) 2015, New York, USA. Track - Active Defense Techniques and Systems

Member of Technical Program Committee

SysCon IEEE International Systems Conference – 2025, 2026

CCNC IEEE Consumer Communications & Networking Conference – 2021, 2022, 2023, 2024, 2025

ICDCN International Conference on Distributed Computing and Networking – 2022

MILCOM Military Communications Conference – 2017, 2018, 2019, 2021, 2022, 2023, 2024, 2025

ASONAM Advances in Social Networks Analysis and Mining – 2021

MASS IEEE International Conference on Mobile Ad-Hoc and Smart Systems – 2020

GameSec Conference on Decision and Game Theory for Security – 2017

ICIT International Conference on Information Technology – 2015, 2016

Selected Journal/Conference Reviewer

Journals Computer Communications (Elsevier), Physical Communication (Elsevier), Pervasive and Mobile Computing (Elsevier), Future Generation Computer Systems (Elsevier), International Journal of Communication Systems (Wiley), Wireless Communications and Mobile Computing (Wiley), International Journal of Distributed Sensor Networks (Hindawi)

Conferences IEEE INFOCOM, IEEE Globecom, IEEE ICC, IEEE MILCOM, ISCIT, IEEE WoWMoM

Department and University Service

Committee and Institutional Service

2024–2025 Member, CSE Undergraduate Committee. Reviewed course proposals and the proposed BS in Quantum Computing program.

2021–present Member, CSE Cybersecurity Committee. Contributed to the BS in Cybersecurity curriculum, prepared materials for the National Centers of Academic Excellence in Cybersecurity (NSA-CAE) application, and helped revise graduate certificate course proposals.

2023 Initiated Miami University's participation in the EC-Council Academia Program and establishment as a certification examination testing center.

Contributed to the university security working group; collaborated with the Information Security Officer and reported an email-system vulnerability.

Judge, CSE Senior Design Expo and CSE 601 research poster sessions.

Panelist, Graduate Research Questions, CSE 601 – Computer Science Research Methods.

Student Organization Advising and Mentoring

2021–present Founder and Faculty Advisor, Miami University Cybersecurity Club. Supported its constitution, recruitment, industry connections, and activities; coordinated 15 industry guest lectures in its first year. The club grew to more than 100 members within three years.

2024 Organized weekly Capture-the-Flag (CTF) training sessions in Fall 2024 and guided two capstone teams in developing CTF competitions in Spring and Fall 2024.

2022 Formed and coached a four-student cybersecurity team that won first place at Ohio University's hardware-focused CTF competition in November 2022.

2021 Helped establish Miami University's Women in Cybersecurity (WiCyS) student chapter and encouraged student participation in cybersecurity.

Recruitment and University Presentations

Spring 2025 Hosted five Make It Miami recruitment events for prospective CSE students. Led departmental tours, delivered presentations, and organized current-student panels.

Fall 2024 Represented CSE at the CEC Fall Open House across three sessions; presented the program, supported the Cybersecurity Club table, and met prospective students and families.

Summer 2024 Presented the cybersecurity program and laboratory during the Miami University Foundation Board's tour of the McVey Data Science Building.

2023 Helped organize the cybersecurity component of CEC's Girl Scout program; mentored Cybersecurity Club students in delivering hands-on cybersecurity and cyber-hygiene activities.

May 2023 Represented CSE at the Greater Cincinnati IT Symposium on May 9, introducing the BS in Cybersecurity and Cybersecurity Club to community and industry attendees.

Fall 2021 Organized and taught a penetration-testing workshop for approximately 40 students and faculty, coordinating with university IT and Information Security to provide an authorized testing environment.

Earlier Leadership and Committee Experience

2014-2017 Elected thrice as a college of engineering representative at UNR Graduate Student Association.

2015-2017 Elected twice as the chair of the clubs and organizations committee of UNR GSA

2014-2015 Founding vice president of Computer Science Graduate Student Club, UNR

2013-2015 Elected twice as the vice president of Indian Student Organization, UNR

Professional Membership

IEEE Senior Member since 2021, Member since 2010

ACM Member since 2021
